Rest assured, ladies and gentlemen, this is an opportunity doesn't arise on a daily basis, but now it's finally here!

I could write an essay about this property, but let's stick to the hard facts and here they are:

-3 bed and 2 bath penthouse located at the corner of the block with panoramic as well as breathtaking sea views

-Not one but TWO private underground parking spaces

-Private storage unit

-A 30 sqm terrace

-Four communal swimming pools, two padel courts and a communal gym

-Located merely a couple of triple jumps from the beach

-Duquesa port is literally around the corner

-Gated community

Gut feeling says that this gem will not be on the market for long.
