Excellent plot on a cul-de-sac in Cortijo Chico, just 5 minutes from Fuengirola. Situated on a small hill, your house would be slightly elevated above neighboring properties. There is the possibility to build a two-story house with a private pool and garage.

You'll especially love:

The location, which is well-connected with easy access to the highway or motorway.

It is an established area, with most of the plots already built on.

The land is practically flat with little slope.
