Fantastic finca in Mijas, just next to the Urbanisation El soto de Marbella. It is a rustic land with gentle slopes and fantastic views to the coast and mountains ideal for any type of crops or animal husbandry. The property has a large lake and a network of water wells for irrigation. Although sold as rustic land, it has many options of being urban land in the short term due to its proximity to urban areas as well as having mains drainage and roads. It is a fantastic investment for the future.
